Subject:	Trump National - Storm drain Plan - Traffic Index

Hi Charles,

Thank you for taking the time to assist me yesterday with the storm drain plans.

As I have mentioned to you, 2 different storm drain lines, one going through the driving range and a second one extending the storm drain system of Forestall Drive and Conqueror Drive were permitted by the City and constructed. The County of Los Angeles Flood Control section is requesting the approved / permitted copies of the plans in order to check the proposed downstream portion. Please let me know when you find them.

Additionally, do not forget to e-mail me a pdf copy of the 2 storm drain lines mentioned above as requested yesterday.

Thank you
Selim Sawaya P.E. / P.L.S.
